"Rise & Shine" is a song by The Cardigans. It first appeared in 1992 on a limited edition 7" EP, *The World According To...*, and was the first Cardigans recording to feature Nina Persson (rather than Peter Svensson) as lead vocalist. Due to the positive response to the track, Persson became the group's permanent lead singer, and the song was re-recorded and released as the first single from their ...

The geology of the Moon (sometimes called selenology, although the latter term can refer more generally to "lunar science") is quite different from that of Earth. The Moon lacks a significant atmosphere, which eliminates erosion due to weather; it does not have any form of plate tectonics, it has a lower gravity, and because of its small size, it cooled more rapidly.
