The Changing Political Climate Section

2.1. Pensions sector has a higher proportion of funds that show climate leadership and innovation compared to insurance sector. In May 2018, AODP published a survey of the world's 80 largest insurers' responses to climate change and its implications. The structure, wording, and focus of the questions were similar to those in the pensions sector assessment, allowing comparison between the ...

Pensions in a Changing Climate - Asset Owners Disclosure ...

There is medium confidence that annual mean precipitation has increased, on average, in Canada, with larger percentage increases in northern Canada. Such increases are consistent with model simulations of anthropogenic climate change. Annual and winter precipitation is projected to increase everywhere in Canada over the 21st century, with larger percentage changes in northern Canada.

Chapter 4 — Canada's Changing Climate Report

The European Mediterranean Sea Acidification in a changing climate (MedSeA) initiative was a project funded by the European Commission under Framework Program 7 (2011-2014).

Mediterranean Sea Acidification in a Changing Climate ...

Ove Hoegh-Guldberg NCSE talk on climate change impacts on ocean ecosystems, Climate Shifts, January 21, 2011.. Rapidly rising greenhouse gas concentrations are driving ocean systems toward conditions not seen for millions of years, with an associated risk of fundamental and irreversible ecological transformation.

Climate Change and Global Warming Introduction — Global Issues

Climate change denial, or global warming denial, is part of the global warming controversy. It involves denial, dismissal, or unwarranted doubt that contradicts the scientific opinion on climate change, including the extent to which it is caused by humans, its impacts on nature and human society, or the potential of adaptation to global warming by human actions.

Climate change denial - Wikipedia

GlobalIssues.org provides insights into global issues that may be misrepresented but are all closely related. List of topics covered include social, political, economic and environmental issues, including human rights, economy, trade, globalization, poverty, environment and health related issues.

Global Issues : social, political, economic and ...

Research highlights Scepticism is strongly determined by environmental and political values rather than by education or knowledge. Public uncertainty about climate change has remained remarkably constant since 2003, although belief that claims about the issue are exaggerated has doubled. The paper describes a novel and highly reliable measure of public scepticism about climate change, the ...

Scepticism and uncertainty about climate change ...

Scientific opinion on climate change is a judgment by a scientist, or by group of scientists, regarding the degree to which global warming is occurring, its likely causes, and its probable consequences.. Although most climate scientists concur with the scientific consensus described below, dozens of individual climate scientists, professional associations, and research programs have ...

Scientific opinion on climate change - Wikipedia

Table 1 summarises some of our key hypothesised mechanisms by which climate change may undermine human security and may, in conjunction with an array of non-climate specific factors, increase the risk of violent conflict. It is important to stress that climate change will not undermine human security or increase the risk of violent conflict in isolation from other important social factors.
