An Editorial Note: With the help of members, the Rubber discussion mailing list published this article on how little saplings turn into rubber trees, and then into rubber products, written in laymans' language, but with special reference to natural rubber latex allergy sufferers, to help Rubber mailing list members understand a bit better the various technical and economic processes which go ...

A Brief Natural History of the Latex Rubber Tree

A Christmas tree is a decorated tree, usually an evergreen conifer such as a spruce, pine or fir, or an artificial tree of similar appearance, associated with the celebration of Christmas, originating in Northern Europe. The custom was developed in medieval Livonia (present-day Estonia and Latvia), and in early modern Germany where Protestant Germans brought decorated trees into their homes.

1510 – The first written record of a decorated Christmas Tree comes from Riga, Latvia. Men of the local merchants' guild decorated a tree with artificial roses, danced around it in the marketplace and then set fire to it. The rose was used for many year and is considered to be a symbol for the Virgin Mary.
