The book that started my love for Dystopian fiction. My school library had Gemma Malley come to our school a week before the release of The Killables to promote it, i was lucky to attend and the book just sounded fantastic. It was a great read, the introduction to the City wasn't overdone but covered enough so the story wasn't confusing.

The Killables. Gemma Malley Paperback - amazon.com

The Killables is an enjoyable entry in the crowded field of dystopias. The story has a similar feel to Gemma Malley's Declaration trilogy, and while it is good, it doesn't quite measure up to Declaration. The Killables takes place in the not to distant future, after our world has been torn apart by war and destruction.
