The Catalyst by Boyd Morrison - Fantastic Fiction

Format: Kindle Edition Verified Purchase. This is a heavy action book with NO typical hero/heroine. Good science, fast, nonstop action. A good read that is hard to put down. It has an almost blase typical ending. My biggest complaint is Mr. Morrison spends way too much time on details that just don't add to the story and in fact make it longer.

The Catalyst is a solid, easy-to-read, compelling thriller. The characters are well drawn, the action is well paced, and at no point did the writing make me cringe.
