Physical intimacy is sensual proximity or touching. It is an act or reaction, such as an expression of feelings (including close friendship, platonic love, romantic love or sexual attraction), between people. Examples of physical intimacy include being inside someone's personal space, holding hands, hugging, kissing, caressing and sexual activity. ...

Most contemporary ethologists view the elephant as one of the world's most intelligent animals. With a mass of just over 5 kg (11 lb), an elephant's brain has more mass than that of any other land animal, and although the largest whales have body masses twenty times those of a typical elephant, a whale's brain is barely twice the mass of an elephant's brain.

In the first three numbers, all of the others are synthesized. From the union of oneness and duality (which is its reflection), that is, from triad, proceed all of the other numbers, and from this primordial triangle all figures derive.

The Symbolism and Spiritual Significance of the Number Three

In this study I would like to examine the symbolism, significance, and meaning of the number three (3). The number three is used in the Torah to mediate between two opposing or contradictory values. The third value mediates, reconciles, and connects the two.

Biblical Vows and their Present Significance

Esteem. Esteem has to do with respect that is earned as a result of our contribution to society and respect earned because of our identity. Unlike significance (described below) which is innate, esteem is based on our achievements or position in society. All human beings have a need to feel respected or esteemed because of our contribution.

The side of a ship on which it was laden (that is loaded) was called the ladeboard, but its opposite, starboard, influenced a change in pronunciation to larboard. Then, because larboard was likely to be confused with starboard because of their similarity of sound, it was generally replaced by port.
