Full-reserve banking (also known as 100% reserve banking) is a proposed alternative to fractional-reserve banking in which banks would be required to keep the full amount of each depositor's funds in cash, ready for immediate withdrawal on demand. Funds deposited by customers in demand deposit accounts (such as checking accounts) would not be loaned out by the bank because it would be legally ...

Another uniquely American phenomenon: the free popular adherence to religion. Whereas in most of the world, religion was passively handed down by the previous generation and often imposed in a top-down way by a state-sanctioned monopoly, in the U.S. individuals were free to join or found innumerable sects.
