This periodic nature can be graphed as sinusoidal disturbance, provided the amplitudes are measured in terms of the changes in the density or pressure in the medium. Compressions (also called condensations) are regions of high pressure and would be represented as crests; while, rarefactions, or low pressure, would be represented as troughs.

PhysicsLAB: Introduction to Sound

The actions taken in the initial minutes of an emergency are critical. A prompt warning to employees to evacuate, shelter or lockdown can save lives. A call for help to public emergency services that provides full and accurate information will help the dispatcher send the right responders and equipment. An employee trained to administer first aid or perform CPR can be
