Many members of the scientific community and philosophy of science communities think that science can provide the relevant context, and set of parameters necessary for dealing with topics related to the meaning of life. In their view, science can offer a wide range of insights on topics ranging from the science of happiness to death anxiety. Scientific inquiry facilitates this through ...

We know from the stories of Francis' life that in his time Europe was undergoing significant changes. Although Muslim and Christian armies would continue to fight over the possession of the holy sites of the Middle East for another century, away from the battlegrounds, transport was becoming safer, trade was burgeoning, and merchants such as Francis' father were beginning to displace the ...
