Morning! Had a calendar item pop up to post about this today, and then realized what good timing it was coming off our post last week on women who earn more than their spouse!\*. This new book isn't exactly focused on that, but after reading it I'm sure anyone who's not already earning more will be at the end of it if they implement the tips ;). It comes from financial expert and Today ...

In economics, the money supply (or money stock) is the total value of monetary assets available in an economy at a specific time. There are several ways to define "money", but standard measures usually include currency in circulation and demand deposits (depositors' easily accessed assets on the books of financial institutions).. Money supply data are recorded and published, usually by the ...
