Depictions of nudity include visual representations of nudity through the history, in all the disciplines, including the arts and sciences. Nudity is restricted in most societies, but some depiction of nudity may serve a recognized social function. Clothing also serves as a significant part of interpersonal communication, and the lack of clothing needs to have a social context.

The naked truth about women in science We must encourage our daughters to study traditional 'male' STEM subjects, says economist (and life model) Victoria Bateman

The naked truth about women in science - Telegraph

She recently published results of a study in which she showed people video clips of naked men and women in various sexual and nonsexual situations and measured their genital arousal.

What Women Want (Maybe) - The New York Times

When The Naked Woman was originally published in 1950, critics doubted a woman writer could be responsible for its shocking erotic content. In this searing critique of Enlightenment values, fantastic themes are juxtaposed with brutal depictions of misogyny and violence, and frantically build to a fiery conclusion.
