Interviewing is a sensitive area of business—and it can be stressful for hiring managers as well as job seekers. As an interviewer, it's important to keep in mind that you must both provide information to the job seeker about the open position and also gather it.

Interviewing Do's and Don'ts: A Hiring Manager's Guide

What Is Business Process Mapping? Business process mapping, a part of Business Process Management (BPM), is a framework used to create visual representations of work processes. Business process maps show the relationship between the steps and inputs to produce an end-product or service, such as when a product goes through packaging or when an employee's leave is approved.
