What Is Business Process Mapping? Business process mapping, a part of Business Process

Management (BPM), is a framework used to create visual representations of work processes. Business process maps show the relationship between the steps and inputs to produce an end-product or service, such as when a product goes through packaging or when an employee's leave is approved.

Essential Guide to Business Process Mapping | Smartsheet

Holi got its name as the "Festival of Colors" from the childhood antics of Lord Krishna, a reincarnation of Lord Vishnu, who liked to play pranks on the village girls by drenching them in water and colors.
