The Terrible Hours: The Greatest Submarine Rescue in ...

Community Reviews. In The Terrible Hours, Maas reconstructs the harrowing 39 hours between the disappearance of the submarine Squalus during a test dive off the New England coast and the eventual rescue of 33 crew members trapped in the vessel 250 feet beneath the sea. It's also the story of Momsen's triumph.

The Terrible Hours: The Greatest Submarine Rescue in ...

Maas's earlier book, The Rescuer, published in 1968, covered much of this same ground, but The Terrible Hours provides more material on the long - and extraordinary - career of Swede Momsen, many of whose contributions to the U.S. Submarine Force are unappreciated even today.

Book Review: The Terrible Hours - The Man Behind the ...

Though ostensibly about the first successful deep water submarine rescue in American History, "The Terrible Hours" is really the heroic story of Swede Momsen, the dedicated U.S. Naval officer who overcame reams of red tape and mountains of bureaucratic ineptitude to develop the equipment that allowed the successful operation to take place.
