The Most Human What Talking

Talking birds are birds that can mimic the speech of humans. There is debate within the scientific community over whether some talking parrots also have some cognitive understanding of the language.

Talking bird - Wikipedia

A talking animal or speaking animal is any non-human animal that can produce sounds or gestures resembling those of a human language. Several species or groups of animals have developed forms of communication which superficially resemble verbal language, however, these are not defined as language because they lack one or more of the defining characteristics, i.e. grammar, syntax, recursion and ...

Talking animal - Wikipedia

I recently started helping out with a Stanford Business School course called “Humor: Serious Business”, which is teaching students about the power of humor in work. I came across the curriculum while researching my TED Salon talk on humor last fall, and the professors kindly invited me to be their cartoonist-in-residence.. Last week, one of the lessons involved talking like a human.
