wordlist. Diceware is used to generate cryptographically strong passphrases. Don't let that frighten you away though, a passphrase is just a password made of words you can remember. It is based on the principle that truly random selection of words from a wordlist, can result in easily memorable passwords that are also extremely resistant to attack.

Diceware Secure Passphrase and Password Generator

The single most unrealistic thing in bnha canon is the fact that we have never seen All Might walk smack into a doorframe. He wants you to think he's graceful and collected but I would bet my entire ass that man cracks his skull on a doorframe at LEAST six times a week.

A Vehicle Identification Number (VIN) contains information about the automobile's origins, make, model and body features. Each vehicle in the United States has a unique VIN. If you know a vehicle's VIN, you can use that number to learn the car's ownership history, to find out if it's ever been in a wreck or been ...

How to Determine a Vehicle Model by VIN | It Still Runs

Although we made a normal amount of noise driving up to the house and walking in, neither Heather nor her boyfriend, lying on the couch in a passionate embrace, seemed to notice as we entered the living room.
