## **The Lie That Tells A**

A lie is an assertion that is believed to be false, typically used with the purpose of deceiving someone. The practice of communicating lies is called lying, and a person who communicates a lie may be termed a liar. Lies may serve a variety of instrumental, interpersonal, or psychological functions for the individuals who use them.

## **Lie - Wikipedia**

Lying, as defined by St. Thomas Aquinas, is a statement at variance with the mind. This definition is more accurate than most others which are current. Thus a recent authority defines a lie as a false statement made with the intention of deceiving. But it is possible to lie without making a false statement and without any intention of deceiving. For if a man makes a statement which he thinks is ...

Let's face it: we're all liars. Every now and then it's a big lie that involves deliberate deceit and planning—like calling in sick to work, complete with convincing cough and congestion—but mostly these are inconsequential fibs that we tell to avoid hurting someone's feelings, to get on with our

day, or to make our stories a little more interesting.
