[503 begins ->] The anthropologist has become so familiar with the diversity of ways in which different people behave in similar situations that he is not apt to be surprised by even the most exotic customs. In fact, if all of the logically possible combinations of behavior have not been found somewhere in the world, he is apt to suspect that they must be present in some yet undescribed tribe.

Environmental Ethics. The field of environmental ethics concerns human beings' ethical relationship with the natural environment. While numerous philosophers have written on this topic throughout history, environmental ethics only developed into a specific philosophical discipline in the 1970s. This emergence was no doubt due to the increasing awareness in the 1960s of the effects that ...

Brett Stevens unleashed Nihilism: A Philosophy Based In Nothingness And Eternity, a collection of writings about nihilism, in 2016.. This anti-enlightenment treatment of philosophy rejects the idea of universalism as an artifact of the ego, and points toward an extreme, human-feelings-denying realism which sees adaptation in the Darwinian sense as its ultimate goal.
