BN models of various forms have been increasingly used in a variety of applications. They are also being specifically integrated with other modeling constructs, which we refer to here as integrated Bayesian networks (IBNs; Johnson et al., 2010). IBNs can be defined as BN structures that are explicitly embedded within the framework of other modeling constructs, instead of just being applied to ...

Mariculture is a specialized branch of aquaculture involving the cultivation of marine organisms for food and other products in the open ocean, an enclosed section of the ocean, or in tanks, ponds or raceways which are filled with seawater. An example of the latter is the farming of marine fish, including finfish and shellfish like prawns, or oysters and seaweed in saltwater ponds.

"The honest investigator must be prepared to follow wherever the search of truth may lead. Truth is often found in the most unexpected places. He must, with fearless and open mind insist that facts are far more important than any cherished, mistaken beliefs, no matter how unpleasant the facts or how delightful the beliefs."
