The Beauty Of Infinite Aesthetics

Beauty is the ascription of a property or characteristic to an animal, idea, object, person or place that provides a perceptual experience of pleasure or satisfaction. Beauty is studied as part of aesthetics, culture, social psychology, philosophy and sociology. An "ideal beauty" is an entity which is admired, or possesses features widely attributed to beauty in a particular culture, for perfection.

Aesthetics - Taste, criticism, and judgment: All aesthetic experience, whether of art or nature, seems to be informed by and dependent upon an exercise of taste. We choose the object of aesthetic experience, and often do so carefully and deliberately. Moreover, we are judged by our choices, not only of works of art but also of colour schemes, dresses, and garden ornaments, just as we are ...

Nature, in the broadest sense, is the natural, physical, or material world or universe. "Nature" can refer to the phenomena of the physical world, and also to life in general. The study of nature is a large, if not the only, part of science. Although humans are part of nature, human activity is often understood as a separate category from other natural phenomena.
