Body language is a type of nonverbal communication in which physical behaviors, as opposed to words, are used to express or convey information. Such behavior includes facial expressions, body posture, gestures, eye movement, touch and the use of space. Body language exists in both animals and humans, but this article focuses on interpretations of human body language.

Men. DAP's Men's Team serves adult male perpetrators of domestic violence with group and individual therapy. Our program is one of few in the area that meets the state requirements for perpetrator intervention, and it is the only program to incorporate trauma theory and treatment techniques in its work with men who have used abusive behavior in intimate relationships.
