As changes in global population and consumer preferences shape the food people eat, the world will need to ensure there is enough access to protein and other dietary essentials.

Generational shifts are redefining the future of protein ...

In a January 20, 2015 article by USA Today reporter Bruce Horowitz which surveyed more than 30,000 consumers in more than 60 nations revealed that more younger consumers are far more concerned about everything from food ingredients, genetically modified food to organic foods than previous generations. Indeed, an obsession with healthy and clean eating seems to be the order of the day.

Younger Consumers Are Trending Toward More Health ...

1. Why is SFSP important to your community? You know that children who miss school breakfast and lunch are more likely to be sick, absent or tardy, disruptive in class, and inattentive. They also score lower on achievement tests. Good nutrition is essential for learning in school. SFSP provides ...

Horus is one of the most significant ancient Egyptian deities. He was worshipped from at least the late prehistoric Egypt until the Ptolemaic Kingdom and Roman Egypt. Different forms of Horus are recorded in history and these are treated as distinct gods by Egyptologists. These various forms may possibly be different manifestations of the same multi-layered deity in which certain attributes or ...
