Blogtour Review: The Body Electric - Beth Revis | (un ...

review 1: I loved Across the Universe and the price was right, so I went for this one. It felt like a bunch of sci if books I'd read before had gone into a blender and spit this out. It wasn't bad, but I got bored. So girl meets boy who warns her she can't trust anyone and sure enough, she can't, not even her own memories.

DOWNLOAD | READ The Body Electric (2014) by Beth Revis in ...

The Body Electric is even better than the synopsis sounds. I was totally glued to my Kindle. This story is completely unpredictable and absolutely an adventure. I would recommend The Body Electric by Beth Revis to readers that enjoy science-fiction with some dystopian or crazy-governments. It just made me so, so happy to be reading the words of ...

The Body Electric. The future world is at peace. Ella Shepherd has dedicated her life to using her unique gift—the ability to enter people's dreams and memories using technology developed by her mother—to help others relive their happy memories.

The Body Electric by Beth Revis - Read Online

Ella Shepherd can slip into other people's minds. Using technology invented by her parents, Ella has the ability to experience-and influence-the memories of others. She's used this ability to help ensure the safety of the world from a dangerous terrorist group, but not all is as it seems...because someone's been inside Ella's head, too.

The Body Electric : Beth Revis : 9780990662617

Since The Body Electric was a standalone, I decided to just jump in. Boy it was quite amazing! The more I read, the more complex the story became and the more questions I had. We do get answers, just make sure you keep reading ;) My one constant thought while reading The Body Electric was I, Robot meets Inception.
