Ambitious and wide-ranging, this is the first single volume to tell the story of the library as a distinct building type, all around the world and from the beginnings of writing to the present day.

The Library - Thames & Hudson

The history of libraries The ancient world. In earliest times there was no distinction between a record room (or archive) and a library, and in this sense libraries can be said to have existed for almost as long as records have been kept. A temple in the Babylonian town of Nippur, dating from the first half of the 3rd millennium bc, was found to have a number of rooms filled with clay tablets ...

Library - The history of libraries | Britannica.com

Library history is the academic discipline devoted to the study of the history of libraries; it is a subfield of library science and of history.

History of libraries - Wikipedia

This spectacular book is the first single volume to tell the story of the library as a distinct building

type, all around the world. Throughout the ages, book collections have served to symbolize their owners' culture and learning, and the wealthy and powerful have spent lavishly on buildings to house them.

The Halifax Central Library, a modern city library. A library is a collection of sources of information and similar resources, made accessible to a defined community for reference or borrowing. It provides physical or digital access to material, and may be a physical building or room, or a virtual space, or both.

Library - Wikipedia

Library, traditionally, collection of books used for reading or study, or the building or room in which such a collection is kept. The word derives from the Latin liber, "book," whereas a Latinized Greek word, bibliotheca, is the origin of the word for library in German, Russian, and the Romance languages.
