The same misinformation we embraced last century continues to mislead new generations through shows like Wild Kratts: Voyage of the Butterflies.In this episode, a spider cuts a monarch from its web, refusing to eat the milkweed-laced butterfly...essentially spinning science into science fiction! While I can't argue the show was entertaining, I've already heard this misinformation repeated ...

Etymology. The infraorder name Isoptera is derived from the Greek words iso (equal) and ptera (winged), which refers to the nearly equal size of the fore and hind wings. " Termite" derives from the Latin and Late Latin word termes ("woodworm, white ant"), altered by the influence of Latin terere ("to rub, wear, erode") from the earlier word tarmes. Termite nests were commonly known as
