A binary star is a star system consisting of two stars orbiting around their common barycenter. Systems of two or more stars are called multiple star systems. These systems, especially when more distant, often appear to the unaided eye as a single point of light, and are then revealed as multiple by other means.

It's a match of raw power versus refined skill. Though overall, Superman is usually depicted as being stronger and faster, Wonder Woman is a far better warrior, with superior combat skills and vastly more fighting experience — not to mention, she owns an arsenal of badass magical equipment. There are Lassos of Truth, Amazonian shields, Bracelets of Submission and the Sword of Athena.

Recursion. Political cartoon: I know it's a small thing to be angry about. I just wanted to get my anger down on paper (or at least in electrons). There's a political cartoon making the rounds with babies posed as the Marines and Sailor at the flag raising on Iwo Jima, with a caption congratulating Alabama on "striking back" against Roe v. Wade.
