Very interesting post, may be worth noting that there is no real need for the THC element within the medical products, studies have shown that THC and CBD combined at a 1:1 ratio is beneficial towards pain, however it has also been discovered that THC can modify our brains functions, making it hard for some people to continue with specific jobs.

Medical marijuana - Harvard Health Blog - Harvard Health ...

Can becoming a vegetarian protect you against major diseases? Maybe. Compared with meat eaters, vegetarians tend to consume less saturated fat and cholesterol and more vitamins C and E, dietary fiber, folic acid, potassium, magnesium, and phytochemicals (plant chemicals), such as carotenoids and flavonoids.

Becoming a vegetarian - Harvard Health

Carbohydrates: quality matters. What's most important is the type of carbohydrate you choose to eat because some sources are healthier than others. The amount of carbohydrate in the diet – high or low – is less important than the type of carbohydrate in the diet. For example, healthy, whole grains such as whole wheat bread, rye, barley and quinoa are better choices than highly refined ...
