When dogs get into a fight, it is very often a big dog attacking a smaller dog. This occurs so often, in fact, that the veterinary community has a widely recognized acronym for it — BDLD, which stands for "Big Dog-Little Dog" — and it almost always results in an emergency situation. When your dog plays with a rope toy, he might grab it and shake it vigorously in his mouth.

Other Dogs. If your 5-pound Yorkshire Terrier decides to bark and growl at another dog while you are walking down the street, or as another dog passes by your house, it's almost seen as cute, because you see it as your tiny dog thinking it is a big dog. However, if your 120-pound Akita barks and growls at another dog, the Akita is more likely to be put in its place and told to stop.

Artists from the past and present envision Freyja and her cats. The ancestors of the Skogkatt probably were Southern European shorthaired cats which came to Norway from other parts of Europe in prehistoric times. Due to the natural selection imposed by the strange and hostile climatic conditions, only individuals with a particularly thick coat and other adaptations to a cold climate survived.
