Yesterday marked a century since the guns finally fell silent on the Western Front. For over four years "the war to end all wars" turned Europe into a trench-scarred theater of bloodshed, directly claiming the lives of nine million soldiers and seven million civilians, and altering the world's perception of warfare and "noble sacrifice" forever.

A few days ago, a Language Log post mentioned an old Onion article about reverting the grammatical rules of English to something roughly equivalent to Late Old English. It's satire of course (something that seems to have gone over some people's heads), and the article doesn't actually follow a consistent practice. Although the article mentions putting verbs last, the real procedure seems to be ...

Poet Christina Rossetti was born in 1830, the youngest child in an extraordinarily gifted family. Her father, the Italian poet and political exile Gabriele Rossetti, immigrated to England in 1824 and established a career as a Dante scholar and teacher of Italian in London. He married the half-English, half-Italian Frances Polidori in 1826, and they had four children in quick succession: Maria
