Alan Donovan is a Staff Engineer in Google's infrastructure division, specializing in software development tools. Since 2012, he has been working on the Go team, designing libraries and tools for static analysis.

Alan A. A. Donovan - The Go Programming Language

The C Programming Language (sometimes termed K&R, after its authors' initials) is a computer programming book written by Brian Kernighan and Dennis Ritchie, the latter of whom originally designed and implemented the language, as well as co-designed the Unix operating system with which development of the language was closely intertwined. The book was central to the development and ...

Because my robot's control system runs on a LabVIEW real-time machine, I have no recourse but to add new features in LabVIEW. Oh, I tried coding new stuff in C++ on another computer and streaming information via UDP over gigabit, but alas, additional latencies of just a few milliseconds are enough to make significant differences in performance when your control loop runs at 2 kHz.

Why I detest LabVIEW – Brian C. Becker
